Sherry Marquez This is what the Muslim religion is all about - the beheadings, honor killings are just the beginning of what is to come in the USA. We are told this is a small majority of Muslim's in America, but it is truly what they are all about. And they are one of the fastest growing religions in USA. You disrespect/dishonor them or their religion and you should die (they don't even blink at killing their own wives/daughters, because they are justified by their religion). This is going to become more and more normal. <http://www.ny.com>
